President's Message— Just Be the Person Your Dog Thinks You Are!

Jim Bain—President
Meadow Wood Farms
Property Owners Assoc.

Now over a year ago, we had a very somber day in our house. Our German Shepherd, Kiesha, passed late one night. She was thirteen and had been diagnosed two weeks before with lung cancer. I suppose that is the one downside to having a pet for its entire life. They become such a big part of *your* life. She was the matriarch of our in-house pets. Our Golden Retriever and our cat were both wandering

the house looking for the boss. They knew that the house just wasn't in order. Something wasn't right.

Now, we are not naïve enough to think that we are the first or the only people to grieve over the loss of a pet. And we have experienced the much more devastating loss of people in our family. But that didn't make this loss any easier. It was still a loss and it still hurt.

We learned a lot from Kiesha. She was classically loyal and very protective. She was wonderfully kind, even to our one year old cat with whom she loved to play. She never stopped running, exploring, and enjoying her world. She was lean, strong, and brave. She was both lov-

ing and loved. She was a nearly perfect companion.

I won't forget how she would dig up our bushes, go nuts during thunderstorms tearing up anything and everything to get away from the thunder, and how she would cower if you looked at her cross-eyed. But I will remember those traits, not as flaws, but as what made her unique – and real.

If we want to learn some lessons about how life should be lived, we need only look to our dogs. They don't complain. They just keep being who they are. And they, for reasons I don't fully understand, love us unconditionally. Her shortcomings with us pale in comparison to our

mistakes with her. And yet, to the last, she loved us. As I lament her passing, I'm reminded of that great line delivered by Norman Schwarzkopf, who said, "just be the person your dog thinks you are!" Great advice. I can only try to measure up.

See you around the neighborhood.

Jim

Still Looking For Members to Chair the Beautification and Membership Committees. Is it YOU or YOU?

**To all That
Contribute**

Baked Goods

**To the Association Meetings. It's Much
appreciated.**

PET Registry & Rescue

If you have FOUND or LOST a pet, you can contact **Sandy Mollberg at 861-9622.**

This service is not part of the Association, but rather is a personal service provided free to the residents of Meadow Wood Farms.

Sandy does not take any pets in as a rescue, nor does she place pets in homes for people. If you wish, you can register your pet with photo with her so that she will have them on file if she gets a call for a lost pet.

Sunshine Report

Condolences to:

Pam Hebert on the passing of her mother.

Angela Hall on the passing of her mother.

Jim Bain on the passing of his father.

If you are aware of someone who could benefit from receiving a card, whether due to illness or other reason, please notify Sandy Mollberg at lenelew@aol.com

or by phone at 861-9622.

Recycle Your Aluminum Cans

To Benefit MWFPOA Treasury

The recycle point for your aluminum cans is at the front entrance to the Friendship Park on Lake View Drive East. Barrels are provided for that purpose.

Cans that are rinsed, tab tops removed and crushed are our favorites.

Tab tops may go to any charity you know or bring them to meetings to go to Shands Juvenile Kidney foundation.

ALUMINUM CANS ONLY PLEASE!

Nominating Committee Needs Suggestions

It's time again to put your suggestions in for the Officers of the MWFPO Board.

The committee has been established to nominate a new board in May.

It seems like the same people are involved in the vol-

unteer projects, holding office and participating in the activities. While this is true of most groups, this association would love to see more new faces and hear from new voices.

If you would like to join the team, contact any board member asap.

Tip from Toni—

Toni Kimball read about this idea and thought it was worth passing on. Our community is becoming more and more aware of being prepared in times of natural disasters and things like power outages. This article suggested using your outdoor solar lights, the ones that light your walkways and illuminate your garden, to light your home interior when the power goes out. Stick them in pots of dirt and place them in strategic places throughout the house and put them out during daylight hours to recharge. They will serve you for many continuous nights in that capacity. So simple, but so smart.

March Association Meeting Well Attended

We had over 40 members attend the March meeting. The meetings are not only informative, but fun and if you're lucky you also can make money. What more could you ask for???

Bison, Snakes and Alligators.....Oh, my!

Ranger Andrea Christianson showed us

some fabulous pictures of Paynes Praire Preserve State Park between Micanopy and Gainesville.

After promoting the abundance of interesting wildlife, she assured us that no one had been bitten, stomped or trampled in recent memory. Who knew we had all these exotic places to walk, ride and see in such close proximity?

You Could Win \$100 If You're Present

So Sorry Danny Klein of Wintergreen Way

You would have walked away with \$75 if you had been present at the March meeting.

A drawing was held at the last MWFPOA General

Meeting for \$75. Since the resident was not present, his winnings were added to the pot along with another \$25.

At the next general meeting another name will be drawn to win **\$100**. If that person is not pre-

sent, names will be drawn until we get a winner who is present.

We will then start the process over in July of 2012. Any time we have a winner, we will start the pot again at \$50.

So now it REALLY pays to come to the meetings. See you at the May Meeting, won't we?

MEET AND GREET
COVERED DISH DINNER IN THE PARK

May 25, 2012
(Friday)
6:30 PM – 8:30 PM
Friendship Park
MWF Pavilion

Bring a covered dish and join in for a night of fun.

Baked ham will be furnished as the main dish.
Soft drinks and water will be provided.
Any other beverage is BYOB.

This is a great way to meet our new residents in MWF and to visit with old friends.

Please RSVP as to the number in your party by May 18,2012.
Linda Trinckes 854-1856

Meet CERT Members—

Every month we will be profiling a CERT member, so that in an emergency you will be able to identify them to give you help or offer to help them as they aid others. All team members have CERT ID cards with photo.

Meet Hoppy and Carolyn Harper

Hoppy knew his wife since the 4th grade. They've been married for 57 years. He went into the Navy during the Korean War straight out of boot camp and was sent to Class A Electronics school for one year specializing in Electronic Counter Measures. They were married his last year in the

Navy. Hoppy then graduated from TCI in NYC. From there he worked 5 years for Sperry Corp. on Talos and Terrier Missiles. Further experience at a company bought out by Eaton Corp. had Hoppy working on B1 Bomber Electronic Systems. He retired from this company as night shift operations manager after 28 years.

Carolyn notes that they have lived in MWF since 1992. She really loves how peaceful and quiet it is, especially as it contrasts with the noisy town environment of their previous

location on Long Island, N.Y. She says they built their house here after visiting their son Dr. Wayne Harper, who previously lived in MWF on Woodridge Drive. Carolyn loves to read, crochet, knit and sew for family and friends. Hoppy's expertise in electronics comes in handy as

he is the go to guy for repairs. They both lived through hurricanes (while living on Long Island) and decided to get involved with CERT, because helping others is what they've done most of their lives and they really enjoy it.

Sounds like perfect neighbors to us, doesn't it everybody?

For more information regarding CERT contact:

“Surviving for my sister” — about our own BK Sawyer

By Katie

Brenda (BK) is a Race participant that is particularly interested in finding a cure for breast cancer. She is a two-time survivor who also lost her older sister to the disease, and the misunderstanding that once surrounded it. From her very first mammogram, Brenda was recommended for follow-up and was soon diagnosed with breast cancer. She survived and because she continued to be

screened regularly, they caught the cancer recurrence two years later in an extremely early and treatable stage. Sadly, her sister chose not to have recommended follow-up for fear of scarring; by the time Brenda and their family had convinced her to seek treatment, her cancer was too advanced. Brenda says she doesn't want anyone else to go through what she and her family have been through and is adamant that women get screened regu-

larly for breast cancer. She has been participating in the Komen Suncoast Race since it started in 1999, and she says she is amazed by the surge in survivors over the years. Brenda remembers being a part of a very small group of women who came out to that first Race. Compared to today, she says it's like being in a sea of survivors. Even though Brenda lives outside of our Service Area and can no longer attend our Race, she has embraced Facebook

and email as a means to fundraise from afar. Brenda posts on her Facebook every day to encourage her friends to give and often shares a picture of her sister and their story. She also emails her friends and family, encouraging them to support her mission and ours to end breast cancer forever. Because of supporters like Brenda, we are one step closer to finding the cures for breast cancer and changing the story of how breast cancer impacts our community.

Ocala Flight

We're a small informal organization of Microsoft Flight Simulator enthusiasts. Our Club has no dues or membership fees. We are happy to help those getting started and are equally pleased to have experts. Visitors and prospective members are always welcome. Computer

or piloting skills are not prerequisites.

We meet at 6:00 PM on the first Thursday of each month at Landmark Aviation at the Ocala Airport. It is on 60th Ave.: in the same building with the Tailwinds Café. Ask at the desk for directions to the confer-

ence room.

Come join us at any meeting or contact

MWF Exercise Club

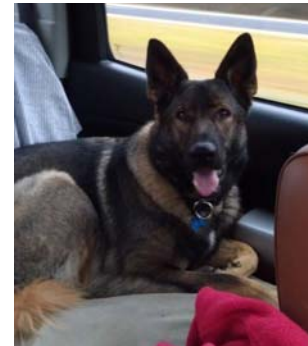

Your new year’s resolution was to get healthy by exercising more, right? Want to join other MWF residents to make it more fun? They meet at Friendship Park on Tuesdays and Thursdays at 8:30 am until about 10 am. It starts with a walk around the neighborhood and ends with some organized exercises.

Are you ready? Good. Then just show up and get started. There is no leader, but Elizabeth Waller said you could call her with questions. 304-8871

Dogs of Meadow Wood Farms

You will notice that most of these pampered pets are lounging around on people furniture. What's up with that?!

Avi and Lily Bain love to take road trips, especially to the beach. They also don't mind traveling to Indiana for the holidays. Yes, Merry Lee, they look pretty laid back to us.

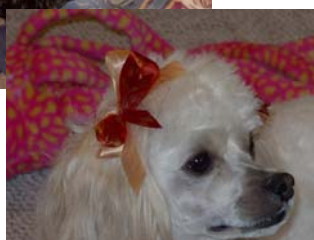

This is Ralphy. He belongs to Sammie Candullo's son, but she has taken on the project of potty training. "He's stubborn," says Sammie. Cute, though, look at that face.

Lucretia Van Vorst offered these photos of her dogs. Phoenix and Merlot. The Dobermans are huddled in their Colorado coats waiting for the move to Ocala.

Wyatt the Yorkshire was snapped after an exhausting day chasing the Dobies around. Gabby just likes to snooze for any reason.

Terri Chaponis writes that Benni is a 7 year old poodle. He is a rescue dog that is spoiled rotten and runs the house. He is also a room monitor and makes sure no one watches anything with animals on TV. He runs to the set and barks until someone changes the channel. The mini Schnauzer is Tobi (7 also) or Tobrias when he's bad. Terri inherited Tobi, when her husband's cousin was killed in an auto accident. He has been trying to catch a squirrel with no luck. Terri's not sure he would know what to do with it if he actually succeeded.

Dogs of Meadow Wood Farms

All photos will show up much better in the newsletter published on our website.

John and Linda Trinckes are the proud owners of Miss Scarlett, a miniature Italian Greyhound. Also a rescue dog, from Alabama, she loves people and to chase squirrels. Her favorite place is on her Dad's lap.

Elizabeth Waller's dog, Bennie, is a 13 year old French Bulldog with two Obedience titles (CD and RN) and a ton of personality. He adores people but really can't understand why anyone would waste their time with any other dogs. Seen here, reading with friends and then looking elegant for the camera.

Janie Bourke sends this photo of Jack and Daisy. "They were born in MWF eleven years ago. Their mother Rachael (who crossed the rainbow bridge a few weeks back) had 6 puppies and we couldn't let go of these two. No regrets. They are entertaining and are so much fun to be around. Jack loves to play ball, but Daisy is too prissy to play catch. They are miniature Australian Shepherds and weigh about 25-30 pounds.

Support Your Local Merchants. They're Supporting Us.

911 Reflective Address Markers

Time is the enemy. In an Emergency, locating your address as soon as possible is the first step in saving lives and property. Time wasted searching for the proper address is something many callers to 911 don't have. There's a big difference between knowing the address and finding the address.

Improper addressing frustrates emergency responders, but it could be deadly to the resident because of the delays that result. Proper address marking is the responsibility of each resident at MWF.

Together, we can minimize if not eliminate this chronic addressing problem. Your local CERT team has developed an identification program to uniformly mark addresses. We've received outstanding positive feedback on the quality and importance of these address marker signs. If you've seen the signs, you know what a big difference they do make!

In summary, this is a great program! It's very easy to implement, requires minimal effort and will make a definite, positive impact in our wonderful community.

Use this handy form to order your address marker today!

This is a voluntary program, not mandatory.

This program is not a fundraiser, all address markers are sold at cost.

We just think it's a great idea!

Only

\$5. ea.

How to order:

- Look at your mailbox first and decide which style below is best for your chosen application.
- It is up to each resident to install their own address marker. Each marker has 4 predrilled holes to make it easy to simply screw to your mailbox post. If you can't figure out a way to fasten it to your mailbox, simply pound a 2x2 wood stake in the ground next to your mailbox and attach your sign to it.
- If you need assistance, inform a CERT team member and we'll arrange to help you out.
- Fill out this form. Drop off your form at a board meeting, mail it to the address below along with your check or hand to one of your community CERT team members along with your payment. (Payment must accompany form).
- Numbers on the 2-sided versions are offset to allow 1 side of the sign to be screwed to your post, while allowing the other side of the sign to still be seen.

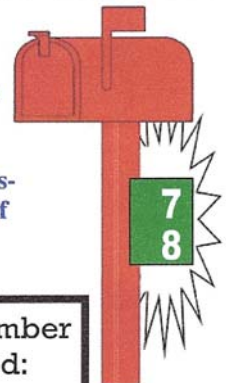

All 6" x 9" address markers have a highly visible green reflective background with white reflective 4" numbers.

Number of *VERTICAL* address markers _____ at \$5. ea = _____

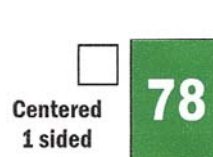

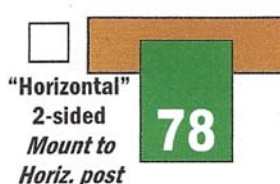

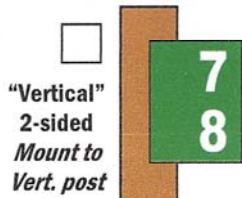

Number of *HORIZONTAL* address markers _____ at \$5. ea = _____

Number of *CENTERED* address markers _____ at \$5. ea. = _____

Once the sign has been completed, you will be contacted to arrange delivery/ pickup or assistance with installation if needed.

Mounting Preference:(check all that apply)

Address Number Requested:

Name: _____

Street address: _____

Phone #: _____

Email: _____

Checks made payable to: MWFPOA, PO Box 77-1896, Ocala, FL 34477-1896

Membership Form & Information to Access Our Website, etc.
