**WE WANT YOU!**

**Calling All Meadow Wood Farms  
VETERANS AND  
ACTIVE SERVICE MEMBERS!**

The 1st Annual Meadow Wood Farms  
**Veterans Appreciation BBQ**  
on **Friday, November 7th, 2014,**  
to be held **at the Friendship Park.**

More information to come in next month's newsletter and on our website.

## PRESIDENT'S MESSAGE: The Good, The Good and The GOOD!

Well, my first Association membership meeting is under my belt. It was interesting and lively and I enjoyed the discussions. It was certainly a learning experience for me in spite of being on the Board for the past year. The way the place cleared out when we were done indicated to me that maybe we went a little long, but we'll see if we can't remedy that as time goes on. For those of you who were not there I'll recap a few of the important items discussed.

Meadow Wood Farms will host a Veterans Appreciation BBQ on November 7th at Friendship Park. This will be FREE for MWF Veterans and Active Service members and their family or their extended family members who are Veterans or Active Service members and their families. There will most likely be a nominal fee for everyone else to help defray the costs. At least the main course will be catered and we may rely on MWF for side dishes and desserts. There was also some discussion as to whether we should include First Responders (police, fire, EMT's) as well. As part of this we hope to dedicate a flag pole to our Veterans. We would like to see this become an

annual event. Let us know your thoughts, as we are open to ideas and folks who want to help in planning.

We have a dilemma within MWF. We are losing our faithful and talented Newsletter editor Jodie Gebhard after the January 2015 edition goes to print. Jodie has worked on the Newsletter for several years but now has other commitments to chase. Please HELP!!!! We are looking for someone who has a little creative talent, isn't afraid to talk to folks, is willing to devote some time each month to help MWF, plus knows which end of the computer monitor is up. If you are concerned about learning the program (Publisher) we are using for the Newsletter, we might be able to work out a deal for some local training on it. If you think you maybe interested, please contact a Board Member. Your neighborhood needs your help.

As we read about the bad in the world today, it remains clear there are always bad people who will do bad things to other people. It's too easy to grumble and take a negative view at the world and people around us. Even though I spent 35 years dealing with folks who were often not enjoying their day, I still believe there is good in the vast majority of people. It just doesn't get recognized as much as bad. Good deeds don't sell papers. No one slows down to watch

children laugh and play, but most slow down for a horrific crash along the road. We need to pay attention to the good in our world.

Because of this we started something at the end of our Association meetings I call "Recognizing Good in Meadow Wood Farms". The purpose is for the members to give a tip of the hat, a way to publicly thank and recognize their good deeds or works. We will continue this at every Association meeting. On the 17th, I was hoping for one person to be recognized, but we had three! What a great start.

Connie Story recognized [Sandy Mollberg](#) for her work on the Party Committee, Sunshine Committee and organizing the Line Dancing and Dog Training classes. BK Sawyer recognized [Helen Wright](#), who hasn't missed an Association meeting for as long as BK can remember. Helen is a dedicated and active MWF member. And Toni Kimball recognized [Dick Woodrome](#) for all that he has done and continues to do for the Association, and according to Toni, Dick is "the ultimate salesman for Meadow Wood Farms". Congratulations to you all! These are people who are caring and feeding our neighborhood, as are the people recognizing them. Thank you all!

Stay Safe, Dave Kane, President, MWFPOA

### MWF Roads Status Report – Jim Bain

We're getting close! On July 15, the Marion County Board of Commissioners unanimously approved the final assessment roll without comment. Friday, July 18, Myra Tedder, Director of the MSTU abruptly retired due to family health issues. The County Engineer, Mounir Boyounes, has been appointed to lead the MSTU for the foreseeable future which will include our road project.

I met with Mr. Boyounes on Monday, July 21 to catch him up on the project from the perspective of MWF and to find out what impact, if any, the personnel change will have on our project. I was pleased to find Mr. Boyounes to be on top of our project and eager to get things moving forward. I was also able to confirm that the assessment invoices were mailed by certified mail on Friday, July 18. By the time you read this report, you should have already received your letter. We anticipate that the **remainder of the schedule will look something like this:**

- ⇒ Week of July 21 – Assessment pre-payment period begins. If you choose to prepay your assessment and avoid finance and interest costs you will need to do so **NO LATER THAN August 18, 2014 at 5:00 pm**. Instructions on where and how to make that payment were included with your invoice.
- ⇒ Mid-August – Pre-Construction conference scheduled (I have been invited and will attend this meeting).
- ⇒ Immediately following Pre-Construction conference – Notice to Proceed issued and Partnering Session scheduled
- ⇒ Late August – Early September – Construction begins. The actual start date is up to the contractor and depends on his other work, availability of people and equipment, etc.
- ⇒ Mid- November – Substantial completion of the project.

We continue to work with the county on a daily basis to keep everyone as up to date as possible. **If you have questions, please submit them to [mwfroads@gmail.com](mailto:mwfroads@gmail.com)**. I'll be happy to do my best to find the answers. Respectfully submitted: Jim Bain

## Share The Road Safely— Dave Kane

Road construction on Hwy 40 is going full steam ahead and soon it will start here in Meadow Wood Farms. Driving along it is easy to get distracted and look at the huge assortment of machinery and the rapidly changing landscape. But that doesn't make for a safe trip. It doesn't take long when you take your eyes off of the road for something to happen; either because you're looking or some other driver is looking. Having to negotiate those large orange barrels is no fun either. They certainly make the road seem a lot more narrow don't they?

Roadway work zones are hazardous both for motorists who drive through the complex array of signs, barrels, and lane changes and for workers who build, repair, and maintain our Nation's streets, bridges, and highways. Florida has consistently ranked among the top states for motor vehicle crash fatalities in construction and maintenance zones AND for worker deaths in those zones as the result of being hit by vehicles driving through those zones.

Florida's "Move Over" law has also now changed as well. Before it just covered law enforcement, emergency responders and tow truck personnel working on the roadside. On July 1st it expanded to include utility service vehicles and sanitation workers. Slowing down and moving over is not only the smart thing to do, it's also the law. The few seconds this costs you in your busy day cannot be worth hitting and injuring or killing someone because you didn't move over.

So let's be careful and keep a watchful eye out for the workers, equipment, other drivers and all other hazards in work zones and along our roadways. We here in Meadow Wood Farms want you home safe.

**Meet Your Neighbor**

**“Busy as a Bee” with Vickie Joiner**

I was introduced to Vickie by way of my neighbor Nancy Kostoff she raved how excellent Vickie’s honey is and passed along her contact info. I’ve never met a beekeeper so I was extremely interested in meeting her.

My first question was “Why bees?” Vickie was introduced to bees through a friend that was beekeeping and was immediately fascinated by them, but later found out that her Great-Grandfather was an actual Beekeeper! Vickie got started with her own hive which was purchased through her friend and educated herself by taking classes at the University of Florida.

The majority of Vickie’s bees are in orange groves, blueberry farms and just recently she added a hive to a cotton farm. These locations allow the bees to take advantage of the different nectar flow and in return provided various ‘tastes’ of honey. Vickie not only makes honey but soaps, candles and favors for weddings . Her products are also sold at local shops.

The more Vickie shared about the honeybee and its highly organized society, how it acts with such intricate cooperation, and the various bee products, the more I admire and respect this amazing creature. I purchased the orange blossom honey, it was delicious. I also tried the Honey & Oatmeal/Almond hand soap which smells so good you want to take a bite! To Purchase Honey, Soaps, or Candles contact Vickie by email: joiner237@yahoo.com

Honey Flavors: wildflower, orange blossom, palmetto *Coming soon: Cotton.* Honey Prices: 3/4 lb \$7 or 1.5 lbs \$13  
Honey Soaps \$2.50/ea: Almond/oatmeal, Coconut/cocoa butter, Lemon/poppysseed, Milk/oatmeal, and more scents!

**Fun Facts about Honeybees & Honey:**

- 🐝 There are three types of bees in the hive – Queen, Worker and Drone. The Worker bees are all female. The Drones are all male and only purpose is to mate and then die. Drone bees cannot sting. The Queen sole purpose is to serve as the reproducer.
- 🐝 Honeybees are the only insect that produces food for humans.
- 🐝 Honey is the only food that includes all the substances necessary to sustain life, including enzymes, vitamins, minerals, and water; and it's the only food that contains "pinocembrin", an antioxidant associated with improved brain functioning.
- 🐝 Honeybees are responsible for pollinating approx. 80% of all fruit, vegetable and seed crops in the U.S.
- 🐝 Honey has many health benefits including treating mild acid reflux and may be useful in minimizing seasonal allergies.
