PRESIDENT'S MESSAGE: Dave Kane— “Welcome to the Family” resident MWFPOA

We recently had a rather large change around our place. About 113 pounds worth of change to be precise. It seemed the universe decided it was time for us to have another St. Bernard. Now my take on the whole thing was I wanted to wait until fall when it was a little cooler to bring a new beast into our lives. I was also a little partial to a smooth coat, shorter hair, a female, and quite possibly a puppy. But noooo! St. Bernard Rescue was not going to let me get away with that. They called us on a Thursday evening near the end of May and told Deb that they had a voluntary surrender of two St. Bernards in Hillsborough County and could we please pick them up and foster them for awhile. If they weren't picked up immediately they could be put down since the shelter was full.

The next day we drove to Tampa and picked up two Saints, or about 225 pounds of dogs. Sam is four and Hoss is 2 and they are father and son. Their previous owner surrendered them in hopes of finding them a place to live after he couldn't continue keep them at the place he was staying and they had been living as outside dogs for the past year.

We brought them home, immediately bathed them since they smelled a tad and started giving them good groceries. They were both underweight. After having them here for a week, talking with the previous owner and with Rescue, it became obvious that one of them would have to move on to a different home. The dogs helped us make the decision when Sam displayed aggression, which we didn't care for since it interfered with the funny shui of our farm. Rescue took him and we kept Hoss on a "trial" basis. My plan anyway.

Hoss stayed around for two weeks in a foster situation. He relaxed immensely as soon as Sam left. Hoss started to become his own dog, he was able to get attention and not have to wrestle for grub. We recently called Rescue and told them to send us the paperwork, that Hoss was here to stay. So if by chance you see a St. Bernard with a block-head (yes it is and I can prove it) around the neighborhood, be sure to give him a scratch on top of his big noggin. He is the latest change in the Kane homestead.

Do you know which of the top ten causes of death in the United States cannot be PREVENTED, CURED, OR SLOWED? Here's a hint: it is the same disease that affects one in three seniors (that's most of us, folks) and is projected to grow by **40%** by the year 2025 as our population ages.

It's also a disease that changes lives, not only of those afflicted but of their caregivers as well. In some ways, it cruelly robs us of our loved ones before they are actually gone. Have you guessed yet? It's Alzheimer's Disease.

Meadow Wood Farms resident Elizabeth Waller has been personally affected by Alzheimer's. Her father passed away in 2008, having suffered from the disease for five years. Recently, her oldest friend and college roommate Susan was diagnosed, at age 63, with the early-onset type of Alzheimer's. Elizabeth has watched as her contemporary has lost the ability to drive, to cook, to use a computer or perform many other tasks that most of us in our sixties take for granted. As Susan's husband has said, he feels like he bought a ticket for the wrong movie—this was not how their life was supposed to play out. Thanks to many friends, neighbors, and professional caregivers, Susan has been able to remain at home for now, but her life and the lives of those around her have been irrevocably altered.

In addition to being part of Susan's care giving team, Elizabeth has decided to do something on a larger scale to help both raise awareness and funds to promote vital research into prevention, treatment, and caregiver support for Alzheimer's patients and their families. She hopes to form a team of Meadow Wood Farms supporters to participate in the Ocala Walk To End Alzheimer's at Tusawilla Park on Saturday, September 19th. The walk is only 2.4 miles long, and begins at 8 a.m., with a special ceremony at 9.

"I know how generous and supportive this neighborhood can be", said Elizabeth recently. "I think it would be great for a team to walk together to show the that our MWF community realizes *the end of Alzheimer's starts with US*". Team members are asked to raise funds in memory/honor of friends and loved ones—funds that will be used to find a treatment and even, potentially, a cure—for a disease that will continue to affect all of us in ever larger numbers. Every team member who raises \$100 will get an official "Walk to End Alzheimer's" t-shirt. All funds raised go to our local chapter of the Alzheimer's Association, and of course are fully tax-deductible.

Elizabeth invites MWF neighbors to join her on the as-yet-unnamed team by getting in touch directly with her at Elizabeth@slowturningfarm.com or by calling her cell phone at 352-895-2471. Please consider getting involved!

Animal Welfare Revisited

At the MWF POA meeting of May 21st, a registry for domestic animals/pets was proposed strictly for the purpose of serving as a reference when an animal is separated from its owner and we are trying to reunite them. This is not intended as a "census" of any type. A registry form should be attached at the back of the newsletter if you receive a hard copy. Since each animal will require a separate form, feel free to make extra copies – or request extra blanks from me or Sandy Mollberg. The form will also be added to the MWF website for easy access.

Completed forms should be returned to me (26 Carry Back Rd.) or Sandy (7 MeadowWood Dr.) and will be retained in a binder for reference only in the case of need to "rescue" an animal. Please feel free to call me (Stevie Gordon @484-802-3786) or email (sgordon4313@gmail.com) should you have questions or suggestions.

Recycle Your Aluminum Cans

To Benefit MWFPOA Treasury

Two of our neighborhood young ladies have volunteered to take over the collection.

Thank you Rachael and Lillian Workman!

The recycle point for your aluminum cans is at the front entrance to the Friendship Park on Lake View Drive East. Barrels are provided for that purpose. Cans that are rinsed, tab tops removed and crushed are our favorites. Tab tops may go to any charity you know or bring them to meetings to go to Shands Juvenile Kidney foundation.

Come to the Meeting and Win \$ 50.00

MWF Meet & Greet held last month!

THE MWFPOA & ITS PARTY COMMITTEE ARE GRATEFUL TO THE MANY MWF FOLKS WHO HELPED WITH THE AMAZING FOOD, SET-UP/BREAK-DOWN, PLUS THE CLEAN-UP BEFORE AND AFTER THE MWF MEET & GREET FRIDAY, MAY 15TH.

YOU MADE IT ALL POSSIBLE FOR NEARLY 80 OF OUR FRIENDS AND NEIGHBORS TO HAVE A FANTASTIC EVENING OF GREAT FOOD AND GOOD COMPANY!

Our most sincere apologies to any of you who may not have been aware of the late date change of the event. We had a serious conflict with the Preakness Race the same evening our dinner was originally scheduled, thus more than half of our friends would not have come to Meet & Greet. Some of our new residents are not yet aware of the wonderful email site that is available and free to all MWF residents. This has been a great tool for communicating many MWF activities. Please see the instructions for subscribing on another page of this News Letter.

DO YOU KNOW??

Meadow Wood Farms has a fantastic communicating tool that is **FREE** and available to **All MWF residents!**

meadowwoodfarms1@aol.com

This is an email site strictly for our neighborhood that provides daily information posted by other neighbors and the Meadow Wood Farms POA. It is not regulated or in any way controlled by MWFPOA or its deed restrictions and by-laws. It is a simple service established to benefit all residents interested in our community.

Our site manager is a volunteer neighbor who has conducted the site most favorably according to certain rules established to keep the information posted fair and limited to only those residents who wish to subscribe. It is an invaluable service and an excellent means for communicating events, yard sales, lost/found pets, horse events, nature's wonders, and the many questions that folks may have regarding our community, Ocala, and more. It is not for expressing political or religious views and all subscribers must provide their MWF home address as part of their email in all submissions to the site manager before it will be posted to the AOL site.

If you are a new resident and have not yet subscribed, give it a try! It's a great way to keep up with what is happening in MWF and the area plus it's free.

A few weeks ago, new MWF resident Dustin James, who lives on Saddle Dr., approached the Board and offered to donate decorative landscape curbing for our front entrances. With the Board's blessing, Dustin performed the work on both entrances. They look wonderful and really made our entrances look much more professional. Please visit his company website at: <http://www.jamescurbing.com/> Thank you Dustin for your gift to MWF.

Why you should care about Hurricane Season - 2015

Hurricane season started June 1st, and ends November 30th. While the 2014 Hurricane season produced the fewest tropical cyclones and named storms since 1997, that doesn't mean you should let down your guard. Remember, one storm is all it takes to wreak havoc and bring devastation to an entire region.

More importantly, these powerful and devastating storms have the ability to impact more than just hurricane prone regions. Hurricanes big and small can have a serious impact on states hundreds of miles away. The phrase in emergency circles is: **No Man is An Island.**

No matter where you live we have to start preparing.

We have many new neighbors; and this may be your first Hurricane Season. If you know as much about hurricanes as the southerners do about snow fall, you need to educate yourself. Being prepared for the approaching season is just as important to you as it is for those in the direct path of potential storms.

Any storm has potential to impact your area. Hurricane Sandy shut down businesses, closed airports, gasoline stations, grocery stores and banks; which ultimately caused a "grinding halt" to their lives and their animals lives.

MWF CERT has put together a wonderful resource which is available on our website. Please take a moment to review and at least prepare yourself with the suggestions our team has documented. If you are interested in learning more about joining our team, classes will start Oct. 1, thru November 19th, from 1-3pm at the Emergency Operations Center, (EOC) in the Sheriff's Department. Feel free to contact anyone of us with CERT. *more in following issues*
