### Ocala Happenings

Ocala and Marion County have come a long way in the 12 years we have lived here. There have been some fits and starts but overall, the area gets more vibrant and entertaining every year. From the downtown restaurants to the Reilly Center for the Arts to the rapidly expanding horse centered events, Ocala is an up and coming place.

The Levitt AMP Ocala Music Series returns for a second year to elevate the Webb Field at the Ocala Martin Luther King Jr. Recreational Complex—an underused space located in the once-thriving neighborhood of West Ocala—capitalizing upon the momentum of the last year to build awareness of the neighborhood’s rich history and ongoing revitalization efforts, while providing a dynamic space for the community to come together. The series is presented by the Marion Cultural Alliance (MCA), a nonprofit catalyst and advocate for cultural impact in the Ocala community in partnership with the City of Ocala.

Last Friday evening a few of us from MWF had the pleasure of attending the 5<sup>th</sup> in a 10 week series of FREE family concerts at Webb Park on the west side of Ocala. It was a treat that should not be missed. Each Friday evening from June 15 through August 17, people from across Marion County gather to hear music from every genre. We happened upon the Honey Island Swamp Band. From New Orleans, this talented group of musicians combined blues, blue grass, and a country flavor to produce a fun, danceable and entertaining evening. There were kids, adults, men, women, black, white, and brown – all smiling, dancing, and tapping their feet along with the music. It was an experience of genuine togetherness that music is so good at creating. Food, beer and wine are available from vendors at the park. You can bring a camp chair, sit in the lushest grass you’ve ever seen and enjoy a wonderful evening of music and fun.

Like anything else, the event needs support from our community. If a lot of people show up, it will continue. If not, it will go the sad way of so many great ideas. Check it out. Give it a try. It is well worth it.

For concert schedule updates due to weather, please call 352-629-8447 or email [artinfo@ocalafl.org](mailto:artinfo@ocalafl.org). You can also check out the event each week in the Go section of the Thursday edition of the Star Banner. We hope to see you there.

## PRESIDENT'S MESSAGE:

One of my goals as President is to improve communication in the Meadow Wood Farms community. Even with the Monthly Newsletter, MWFPOA.com, Meadowwoodfarms1@aol.com, and now the Meadow Wood Farms Face Book page, some residents are still not "getting the message." Heidi Boynton, your POA Vice-President and I, are working on the MWFPOA.com site to keep it updated monthly with upcoming events. This website is the only Official Site for the Property Owners Association. It is a wonderful site that provides all the information, plus some, for everything you wanted to know about Meadow Wood Farms but were afraid to ask! You'll find the Deed Restrictions and By-Laws, as well as Neighbor-to-Neighbor, and even forms for Control Complaints or renting the Park Pavilion. We plan to add a small section on the Home page for upcoming events. This info will correlate with the new signage at the front entrances. It will give you a "heads up" for meetings and events.

Again, the official Website for our community is: MWFPOA.com. Face Book and Meadowwoodfarms1@aol.com are great sites for general info in our community, everything from lost dogs, and "What's for Sale". These sites do not represent the POA, but can be a good community resource. Remember to keep your inputs professional, for if something is posted that is unkind or controversial, it not only hurts the person whom it is directed, but ultimately reflects on the sender.

Let's keep MWF's a great place to live. Stay cool,

Leslie Pope-Hall President MWFPOA

## Recycle Your Aluminum Cans

A Portion to Benefit MWFP OA Treasury

**Thank you Rachael and Lillian Workman!**

**Dave Wagner has graciously offered to help the Workmans with the aluminum can recycling at the park.**

The recycle point for your aluminum cans is at the front entrance to the Friendship Park on Lake View Drive East. Barrels are provided for that purpose. Cans that are rinsed, tab tops removed and crushed are our favorites. Tab tops may go to any charity you know or bring them to meetings to go to Shands Juvenile Kidney foundation.

### The 2018 5<sup>th</sup> Annual Veteran's BBQ and Chili Cook-Off!

This year's premier *family* event, the 5<sup>th</sup> Annual Veteran's and First Responders BBQ and Chili Cook-Off is scheduled for Saturday afternoon, November 10<sup>th</sup> from 3:00 pm until 6:00 pm. So be sure to mark your calendars!

We have requested the fine folks from the vintage military vehicles to again be present to help honor our veterans. Not only are our Veterans and Active Service Members being honored, but we are also honoring our First Responders, past and present.

We have asked once again this year to have the Dunnellon High School Air Force JROTC present the Colors to open our event. This will be a great opportunity for you to see what these fine young men and women have accomplished and the pride they take in our country. It is certainly something you will want to see.

We are planning on having an opportunity for you to properly dispose of your unserviceable Flags. I'm not sure if this will be just a collection site or a Flag Retirement Ceremony. Two of our Veterans are working on this and we will keep you posted.

All of those being honored get a complimentary meal to thank them for their service and for helping keep America and the communities they have served safe. Meals for others are only \$5 each. Bring your children or grandchildren so they can see the vehicles and learn a little history from those who have served.

It is important we get a count of those attending so we can plan for the main course of the meal. This year we are going to provide pulled pork as our main course, with buns and water. Once again, we are asking our wonderful neighborhood cooks to contribute something, either a side dish or a dessert to help make the event another great success.

To reserve your meals, please contact me directly at 509-7754, or by email at [dck945@yahoo.com](mailto:dck945@yahoo.com) and I'll get you on the list. You can also do so at Line Dancing from Sandy Mollberg, by calling her at 861-9622 or flagging her down on her scooter.

If you are interested in helping us, or organizing the Chili Cook-Off, please contact me. As many of you know, I can use all the help I can get. Dave Kane 509-7754 [dck945@yahoo.com](mailto:dck945@yahoo.com)

To submit a request for assistance, email: [MWFangels@gmail.com](mailto:MWFangels@gmail.com) or call Elizabeth Waller. The Angels will contact you and obtain additional information in order to evaluate the request.

Mix cream cheese and sugar. Blend in Cool whip.

## PRETTY BUT DEADLY ————— Allison and Sandy

We have a resident of MWF, Celeste Lovett, who has kindly offered some very important advice for animal owners. There is a plant called the sago palm, also known as metroxylon sagu, coontie palms, cardboard palms, cycads or zymias. It is a very popular shrub in most Floridians' gardens. How many people know that this plant is fatal to dogs, cats horses and people if they eat the leaves,, roots, seeds and berries of this plant? The seeds and leaves contain a toxic protein called ricin. Sandy and I didn't know a thing about the sago palm until Celeste told us the harrowing story about her little dog Daisy's near death experience from the sago palm.

Celeste went out on an errand and was gone for 2 hours. She leaves her 3 dogs outside in their fenced in yard. When she returned, Daisy, who is always first to greet her when she arrives home, was not with the other dogs. She then saw her standing in front of her garage with her head down and mouth wide open. Celeste rushed over to Daisy, put her hand on her back and Daisy collapsed, vomited and was unresponsive. She immediately went to her regular veterinarian who referred her to the Ocala Emergency Veterinarian Clinic. They immediately inserted an IV in her leg and administered medicine. Poor Daisy was still unresponsive, drooling, vomiting and passing blood. The veterinarian told Celeste it was sago palm poisoning. Celeste had never heard of it. Daisy was then referred to the Emergency Veterinary Clinic in Gainesville and taken there in the animal ambulance. There Daisy was kept on the IV, her liver count monitored which had increased drastically. After 2 days the liver stabilized and Daisy started to eat. She slowly recovered and was sent home on day 5. She took meds for another 2 weeks and then was pronounced fully recovered. She was a very lucky dog.

Celeste has told many friends about the sago palm, and with her kind willingness to tell us about her Daisy's near death ordeal, more people will be made aware of the dangers of the sago palm. Thank you very much, Celeste, for your story.

Celeste has 4 dogs now and 2 cats. She trains her dogs to participate in dog sports and they do very well.

These are the symptoms seen with the ingestion of the sago palm.

- Vomiting**
- Blood in feces**
- Bloody diarrhea**
- Icterus**
- Bruising**
- Bleeding easily**
- Death**

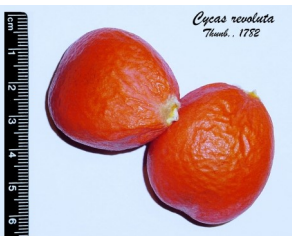

### Prevention

Avoid ingestion by keeping sago palms out of reach of animals and children. Ideally, get rid of the existing palms.

A web site to read a bit more about the sago palm: <https://www.petmd.com>

We hope you have benefitted from this article about Celeste's experience and will help keep your pets and children safe.

A big thank you to Celeste and Daisy. Glad to get to know this neighbor.
